MSP® (Managing Successful Programmes) Foundation + Practitioner

CERTITUDE AUSTRALIA

LEARNING OUTCOME

By the end of the course students will:

- Be able to describe and apply all facets of programme management, in accordance with the MSP method;
- Know how to set up and manage complex programmes, tailoring MSP while ensuring effective integration of projects;
- Monitor the objectives of a programme and make the essential adjustments needed to respond to changes in the environment; and
- Be fully prepared to undertake the Practitioner exam.

AUDIENCE

MSP Practitioner is for project, programme, and business change managers that want to build on their knowledge of MSP, in order to practically apply the MSP framework to real life scenarios, providing the skills to lead and manage a programme. It is a must-have certification for both project and programme management professionals to deliver organisational value to their employers and boost their careers.

COURSE CONTENT

The Foundation element of this course covers the basic knowledge of the MSP framework including:

- Principles, or good practices;
- Governance Themes, or guidance,
- Transformational Flow, MSP's programme lifecycle,
- Programme Office roles and services;
- Guidance on adoption of MSP;
- Guidance on how to use the tranche and work-stream concepts to structure more complex programmes;

The Practitioner element of this course is a scenario-based training course focusing on the application of MSP under different programme environments and scenarios. Review and revision sessions of all MSP elements are included throughout the training. The Practitioner course prepares participants to take and pass the MSP Practitioner Exam.

COMPLETION

If students successfully pass the exam they will be issued with MSP Foundation and Practitioner Certification and Digital Badge
