MSP® (Managing Successful Programmes) Foundation

CERTITUDE AUSTRALIA

LEARNING OUTCOME

By the end of the Foundation course students will:

- Understand MSP's integrated elements and their relationships, building on delegates' own experience and knowledge of large-scale change;
- Understand the benefits thread through MSP that ensures that the entire programme is predicated and focussed on realisation of benefits;
- Understand how MSP could be applied in real life situations and undertake practical work in a supportive training environment; and
- Be fully prepared to undertake the Foundation exam.

AUDIENCE

MSP Foundation is for individuals that are interested in learning how to manage multiple projects and programmes successfully. The course provides the theoretical knowledge of how to plan, manage, and deliver programmes from start to finish.

COURSE CONTENT

The Foundation Course covers MSP's:

- Principles, or good practices underpinning every programme;
- Governance Themes, or guidance on critical aspects of programme management,
- Transformational Flow, MSP's programme lifecycle,
- Programme Office roles and services;
- Programme documentation and information flow;
- Guidance on adoption of MSP;
- Guidance on how to use the tranche and workstream concepts to structure more complex programmes;
- Guidance on how to prepare for the Foundation Exam, with lots of practice.

COMPLETION

If students successfully pass the exam they will be issued with MSP Foundation Certification and Digital Badge
