

PRAXIS™

Framework Foundation + Practitioner

CERTITUDE
AUSTRALIA

Praxis™

COURSE CONTENT

The Foundation Course covers:

- ✓ The context P3 management;
- ✓ The core elements of Praxis - knowledge, method, competency, capability;
- ✓ Integrative functions - planning, control, assurance, business case, information, organisation and stakeholders;
- ✓ Delivery functions - scope, schedule, risk, finance, resources and change;
- ✓ P3 management processes; and
- ✓ Interpersonal skills.

The Practitioner course is an examination preparation course that focuses on applying the Praxis Framework to prepare candidates for the Practitioner examination. The course content includes:

- ✓ The relationships between the roles, documents, functions, techniques and processes;
- ✓ How to apply the roles, functions, techniques and processes to a project and programme scenario; and
- ✓ How to create and assess project and programme documents for a given scenario.

LEARNING OUTCOME

The combined Foundation and Practitioner Course will enable students to:

- Develop a foundation knowledge of the Praxis framework;
- Understand the relationships between the roles, documents, functions, techniques and processes;
- Apply the roles, functions, techniques and processes to a project and programme scenario;
- Create and assess project and programme documents for a given scenario; and
- Be fully prepared to undertake the Practitioner exam.

AUDIENCE

- Individuals interested in a career in project or programme management.
- Individuals pursuing the Praxis Framework Practitioner certificate.
- Practising project or programme managers.
- Project or programme team members wishing to become managers.

COMPLETION

If students successfully pass the exam, they will be issued with APMG Praxis Certification and Digital Badge
