# PRINCE2® Foundation + Practitioner

## LEARNING OUTCOME

The Combined course blends our Foundation course and Practitioner seminar. Each participant is first provided with a solid Foundation in PRINCE2 concepts and is then advanced to a Practitioner understanding of how to apply PRINCE2 in realistic project scenarios and adapt PRINCE2 to different project environments.

## AUDIENCE

This course is designed for a wide range of project management team members including:  
First-time and experienced Project Managers that manage projects off all sizes.  
Project and programme support staff.

## COURSE CONTENT

The course will cover:

- ✓ The origin of PRINCE2, where it fits, and its integrated elements;
- ✓ The PRINCE2 Principles and how they empower the project team;
- ✓ The PRINCE2 Themes, or approaches to critical aspects of project management, including:
- ✓ The PRINCE2 Process Model, its flow of control and information, the roles involved and their activities;
- ✓ Guidance on how to tailor PRINCE2 to suit project needs;
- ✓ Hands-on activities, discussions, role plays, quizzes and mind maps in every session;
- ✓ Foundation exam preparation:
- ✓ Foundation Exam conduct;
- ✓ Scenario-based exercises and activities
- ✓ Practitioner exam preparation;
- ✓ Practitioner Exam conduct;

## COMPLETION

If students successfully pass the exam they will be issued with PRINCE2® Foundation Certification and Digital Badge
